# Maize Balancer

BRIDGING THE GAP FOR  
PEAK PERFORMANCE

Designed to support diets heavy in maize silage, whole crop silage, greenfeed, PKE and or pasture silage.

Our formula naturally corrects mineral imbalances, supporting the robust needs of milking cows for optimal health, reproduction, and performance.

*Maximise productivity and reproductive results for your milking cows by supplementing with **Maize Balancer**. Correct mineral imbalances for optimal health, reproduction, and performance!*

## FEATURES:

- Includes supplementary calcium, magnesium, and sodium
- Helps naturally balance out mineral imbalances in the diet
- Supports overall health and vitality of lactating dairy cows

**ESSENTIAL  
MINERALS**

**PROTECT YOUR  
INVESTMENT**

**MORE  
MILK**

NO  
ANTIBIOTICS

**Optimate™ Maize Balancer** is a dual-action blend: binds toxins and balances maize diets to support rumen health, fertility, and performance.

Maize silage is energy-rich but lacks key nutrients. This smart blend fills the gaps while protecting animals from hidden mycotoxins in feed.

#### FEATURES:

- Includes supplementary calcium, magnesium, and sodium - toxin binding in the form of **Optimate™** ACVM approved
- Helps naturally balance out mineral imbalances in the diet
- Supports overall health and vitality of lactating dairy cows

#### USAGE:

- Feed **Optimate™ Maize Balancer** via silo, mixer wagon, in-shed feeder or on feed pads.
- Suitable with maize and grass silage dairy meal, dairy blends.
- Suitable for lactating dairy cows only. Not to be fed 4-6 weeks prior to calving due to the high level of calcium.

Rate	When feeding
100 g/cow/day	2kgDM of Maize silage
200 g/cow/day	4kgDM of Maize silage
300 g/cow/day	6kgDM of Maize silage

#### INGREDIENTS:

Optimate™ ACVM Registration Number A011800

Calcium, sodium, magnesium and phosphorus.

#### STORAGE

Store in a dry place.

#### TYPICAL ANALYSIS

A 300gm feed rate will contain:

Calcium	47gm
Sodium	14gm
Magnesium	14gm
Phosphorus	3gm
Optimate™	100gm
