

OPTIGUARD™ LOOSELICKS

Maximise growth to mature performance

ABOUT OPTIGUARD™ LOOSELICKS:

- A premium loose lick formulation specifically designed for calves to rising 2yr olds
- Supports numerous functions, including: immunity, reproduction, skin and hoof integrity, growth and muscle development, milk production, fiber digestion and energy metabolism
- Contains essential minerals, vitamins and Bovacillus™ to set your calves up to get to weight faster
- Easily fed as a free-choice nutritional feed

DIRECTIONS FOR USE:

10g to 50g per day depending on stage in growth. Fed in troughs as a free-choice. Self-regulated intake allows calves to consume what they need.

SETTING YOUNG ANIMALS UP FOR SUCCESS FROM AN EARLY AGE

OPTIGUARD™ BIOBOOST

High performance probiotic paste

ABOUT OPTIGUARD™ BIOBOOST:

- Fast gut stabilisation - helps rapidly establish a healthy gut microbiome after birth or stress
- Helps reduce scours and digestive upsets
- Improves feed conversion and growth rates - better digestion of milk and starter feed
- Supports immunity during stress
- Highly targeted and easy to use - oral paste = accurate dosing, no wastage
- Preventative and reactive tool

DIRECTIONS FOR USE:

Apply the product directly onto or mix into feed at the following rates.

Cows: 10-15g for off-feed cows. 5g at calving, times of stress or illness.

Calves: 5g at birth, times of stress or illness and as a re-inoculant post antibiotic therapy.

INGREDIENTS:

Per 5g dose

Lactic Acid Bacteria @ no less than 5,000,000,000 cfu

ZORBISHIELD™

Supports drier bedding, improved environmental hygiene, & reduced odour in livestock systems

ABOUT ZORBISHIELD™:

- **Moisture Control:** Adsorbs moisture, keeping bedding drier for longer
- **Odour Control:** Binds ammonia and suppresses odour-causing gases
- **Biocidal Control:** Controls bacteria, fungi and viruses on contact
- **pH Support:** Helps neutralise alkaline conditions from animal waste

DIRECTIONS FOR USE:

From 50g to 100g per square meter of animal bedding.

KEEP PENS CLEAN & DISEASE FREE

ZorbiShield™ is a zeolite-based hygiene powder formulated to help manage animal housing environments by controlling moisture, reducing odour, and supporting microbial load control in bedding and high-traffic areas.

Developed using processed natural zeolite and a blend of active mineral salts, ZorbiShield™ is designed for use throughout the animal production cycle, including periods of elevated moisture and organic load.

INGREDIENTS:

Natural **BPM** zeolite from New Zealand
